

110TH CONGRESS
1ST SESSION

S. 1578

To amend the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 to establish vessel ballast water management requirements, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JUNE 7, 2007

Mr. INOUE (for himself and Mr. STEVENS) introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

A BILL

To amend the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 to establish vessel ballast water management requirements, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Ballast Water Manage-
5 ment Act of 2007”.

6 **SEC. 2. FINDINGS.**

7 Section 1002(a) of the Nonindigenous Aquatic Nui-
8 sance Prevention and Control Act of 1990 (16 U.S.C.
9 4701(a)) is amended—

1 (1) by redesignating paragraphs (14) and (15)
2 as paragraphs (15) and (16);

3 (2) by inserting after paragraph (13) the fol-
4 lowing:

5 “(14) aquatic nuisance species may be intro-
6 duced by other vessel conduits, including the hulls of
7 ships;”;

8 (3) by striking “inland lakes and rivers by rec-
9 reational boaters, commercial barge traffic, and a
10 variety of other pathways; and” in paragraph (15),
11 as redesignated, and inserting “other areas of the
12 United States, including coastal areas, inland lakes,
13 and rivers by recreational boaters, commercial traf-
14 fic, and a variety of other pathways;”;

15 (4) by inserting “nongovernmental entities, in-
16 stitutions of higher education, and the private sec-
17 tor,” after “governments,” in paragraph (16), as re-
18 designated;

19 (5) by striking “technologies.” in paragraph
20 (16), as redesignated, and inserting “technologies;”;
21 and

22 (6) adding at the end the following:

23 “(17) in 2004, the International Maritime Or-
24 ganization agreed to a Convention, which the United
25 States played an active role in negotiating, to pre-

vent, minimize, and ultimately eliminate the transfer of aquatic nuisance species through the control and management of ballast water and sediments;

“(18) the International Maritime Organization agreement specifically recognizes that countries can take more stringent measures than those of the Convention with respect to the control and management of ships’ ballast water and sediment; and

“(19) due to the interstate nature of maritime transportation and the ways by which aquatic nuisance species may be transferred by vessels, a comprehensive and uniform national approach for addressing vessel-borne aquatic nuisance species is needed to address this issue effectively.”.

SEC. 3. MANAGEMENT OF VESSEL-BORNE AQUATIC NUISANCE SPECIES.

(a) IN GENERAL.—Section 1101 of the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (16 U.S.C. 4711) is amended to read as follows:

“SEC. 1101. MANAGEMENT OF VESSEL-BORNE AQUATIC NUISANCE SPECIES.

“(a) STATEMENT OF PURPOSE; VESSELS TO WHICH THIS SECTION APPLIES.—

“(1) PURPOSES.—The purposes of this section are—

1 “(A) to provide an effective, comprehen-
2 sive, and uniform national approach for ad-
3 dressing the introduction and spread of aquatic
4 nuisance species from ballast water and other
5 ship-borne vectors;

6 “(B) to require, as part of that approach,
7 mandatory treatment technology, with the ulti-
8 mate goal of achieving zero discharge of aquatic
9 nuisance species;

10 “(C) to create incentives for the develop-
11 ment of ballast water treatment technologies;

12 “(D) to implement the International Con-
13 vention for the Control and Management of
14 Ships’ Ballast Water and Sediments, adopted
15 by the International Maritime Organization in
16 2004; and

17 “(E) to establish a management approach
18 for other ship-borne vectors of aquatic nuisance
19 species.

20 “(2) IN GENERAL.—Except as provided in para-
21 graphs (3), (4), (5), and (6) this section applies to
22 a vessel that is designed, constructed, or adapted to
23 carry ballast water; and

“(A) is a vessel of United States registry or nationality, or operated under the authority of the United States, wherever located; or

“(B) is a foreign vessel that—

“(i) is en route to a United States port or place; or

“(ii) has departed from a United States port or place and is within waters subject to the jurisdiction of the United States.

“(3) PERMANENT BALLAST WATER VESSELS.—

Except as provided in paragraph (6), this section does not apply to a vessel that carries all of its permanent ballast water in sealed tanks and is not subject to discharge.

“(4) ARMED FORCES VESSELS.—

“(A) EXEMPTION.—Except as provided in subparagraph (B) and paragraph (6), this section does not apply to a vessel of the Armed Forces.

“(B) BALLAST WATER MANAGEMENT PROGRAM.—The Secretary and the Secretary of Defense, after consultation with each other and with the Under Secretary of Commerce for Oceans and Atmosphere, the Administrator of

1 the Environmental Protection Agency, and
2 other appropriate Federal agencies as deter-
3 mined by the Secretary, shall implement a bal-
4 last water management program, including the
5 promulgation of standards for ballast water ex-
6 change and treatment and for sediment man-
7 agement, for vessels of the Armed Forces under
8 their respective jurisdictions designed, con-
9 structed, or adapted to carry ballast water that
10 is—

11 “(i) consistent with the requirements
12 of this section, including the deadlines; and

13 “(ii) at least as stringent as the re-
14 quirements promulgated for such vessels
15 under section 312 of the Clean Water Act
16 (33 U.S.C. 1322).

17 “(5) SPECIAL RULE FOR SMALL VESSELS.—In
18 applying this section to vessels less than 50 meters
19 in length that have a maximum ballast water capac-
20 ity of 8 cubic meters, the Secretary may promulgate
21 alternative measures for managing ballast water in
22 a manner that is consistent with the purposes of this
23 Act.

24 “(6) OTHER SOURCES OF VESSEL-BORNE
25 AQUATIC NUISANCE SPECIES.—Measures undertaken

1 by the Secretary under subsection (s) shall apply to
 2 all vessels (as defined in section 3 of title 1, United
 3 States Code).

4 “(b) UPTAKE AND DISCHARGE OF BALLAST WATER
 5 OR SEDIMENT.—

6 “(1) PROHIBITION.—The operator of a vessel to
 7 which this section applies may not conduct the up-
 8 take or discharge of ballast water or sediment except
 9 as provided in this section.

10 “(2) EXCEPTIONS.—Paragraph (1) does not
 11 apply to the uptake or discharge of ballast water or
 12 sediment in the following circumstances:

13 “(A) The uptake or discharge is solely for
 14 the purpose of—

15 “(i) ensuring the safety of the vessel
 16 in an emergency situation; or

17 “(ii) saving a life at sea.

18 “(B) The uptake or discharge is accidental
 19 and the result of damage to the vessel or its
 20 equipment and—

21 “(i) all reasonable precautions to pre-
 22 vent or minimize ballast water and sedi-
 23 ment discharge have been taken before and
 24 after the damage occurs, the discovery of
 25 the damage, and the discharge; and

1 “(ii) the owner or officer in charge of
2 the vessel did not willfully or recklessly
3 cause the damage.

4 “(C) The uptake or discharge is solely for
5 the purpose of avoiding or minimizing the dis-
6 charge from the vessel of pollution that would
7 otherwise violate applicable Federal or State
8 law.

9 “(D) The uptake or discharge of ballast
10 water and sediment occurs at the same location
11 where the whole of that ballast water and that
12 sediment originated and there is no mixing with
13 ballast water and sediment from another area
14 that has not been managed in accordance with
15 the requirements of this section.

16 “(c) VESSEL BALLAST WATER MANAGEMENT
17 PLAN.—

18 “(1) IN GENERAL.—The operator of a vessel to
19 which this section applies shall conduct all ballast
20 water management operations of that vessel in ac-
21 cordance with a ballast water management plan de-
22 signed to minimize the discharge of aquatic nuisance
23 species that—

24 “(A) meets the requirements prescribed by
25 the Secretary by regulation; and

1 “(B) is approved by the Secretary.

2 “(2) APPROVAL CRITERIA.—

3 “(A) IN GENERAL.—The Secretary may
4 not approve a ballast water management plan
5 unless the Secretary determines that the plan—

6 “(i) describes in detail the actions to
7 be taken to implement the ballast water
8 management requirements established
9 under this section;

10 “(ii) describes in detail the procedures
11 to be used for disposal of sediment at sea
12 and on shore in accordance with the re-
13 quirements of this section;

14 “(iii) describes in detail safety proce-
15 dures for the vessel and crew associated
16 with ballast water management;

17 “(iv) designates the officer on board
18 the vessel in charge of ensuring that the
19 plan is properly implemented;

20 “(v) contains the reporting require-
21 ments for vessels established under this
22 section and a copy of each form necessary
23 to meet those requirements;

24 “(vi) incorporates regulatory require-
25 ments, guidance, and best practices devel-

1 oped under subsection (s) for other vessel
2 pathways by which aquatic nuisance spe-
3 cies are transported; and

4 “(vii) meets all other requirements
5 prescribed by the Secretary.

6 “(B) FOREIGN VESSELS.—The Secretary
7 may approve a ballast water management plan
8 for a foreign vessel (as defined in section
9 2101(12) of title 46, United States Code) on
10 the basis of a certificate of compliance with the
11 criteria described in subparagraph (A) issued
12 by the vessel’s country of registration in accord-
13 ance with regulations promulgated by the Sec-
14 retary.

15 “(3) COPY OF PLAN ON BOARD VESSEL.—The
16 owner or operator of a vessel to which this section
17 applies shall—

18 “(A) maintain a copy of the vessel’s ballast
19 water management plan on board at all times;
20 and

21 “(B) keep the plan readily available for ex-
22 amination by the Secretary at all reasonable
23 times.

24 “(d) VESSEL BALLAST WATER RECORD BOOK.—

1 “(1) IN GENERAL.—The owner or operator of a
2 vessel to which this section applies shall maintain a
3 ballast water record book in English on board the
4 vessel in which—

5 “(A) each operation involving ballast water
6 or sediment discharge is fully recorded without
7 delay, in accordance with regulations promul-
8 gated by the Secretary;

9 “(B) each such operation is described in
10 detail, including the location and circumstances
11 of, and the reason for, the operation; and

12 “(C) the exact nature and circumstances of
13 any situation under which any operation was
14 conducted under an exception set forth in sub-
15 section (b)(2) or (e)(3) is described.

16 “(2) AVAILABILITY.—The ballast water record
17 book—

18 “(A) shall be kept readily available for ex-
19 amination by the Secretary at all reasonable
20 times; and

21 “(B) notwithstanding paragraph (1), may
22 be kept on the towing vessel in the case of an
23 unmanned vessel under tow.

24 “(3) RETENTION PERIOD.—The ballast water
25 record book shall be retained—

1 “(A) on board the vessel for a period of 3
2 years after the date on which the last entry in
3 the book is made; and

4 “(B) under the control of the vessel’s
5 owner for an additional period of 3 years.

6 “(4) REGULATIONS.—In the regulations pre-
7 scribed under this section, the Secretary shall re-
8 quire, at a minimum, that—

9 “(A) each entry in the ballast water record
10 book be signed and dated by the officer in
11 charge of the ballast water operation recorded;

12 “(B) each completed page in the ballast
13 water record book be signed and dated by the
14 master of the vessel; and

15 “(C) the owner or operator of the vessel
16 transmit such information to the Secretary re-
17 garding the ballast operations of the vessel as
18 the Secretary may require.

19 “(5) ALTERNATIVE MEANS OF RECORD-
20 KEEPING.—The Secretary shall provide by regula-
21 tion for alternative methods of recordkeeping, in-
22 cluding electronic recordkeeping, to comply with the
23 requirements of this subsection. Any electronic rec-
24 ordkeeping method authorized by the Secretary shall
25 support the inspection and enforcement provisions of

1 this Act and shall comply with applicable standards
 2 of the National Institute of Standards and Tech-
 3 nology and the Office of Management and Budget
 4 governing reliability, integrity, identity authentica-
 5 tion, and nonrepudiation of stored electronic data.

6 “(e) BALLAST WATER EXCHANGE REQUIRE-
 7 MENTS.—

8 “(1) IN GENERAL.—

9 “(A) REQUIREMENT.—Until a vessel is re-
 10 quired to conduct ballast water treatment in ac-
 11 cordance with subsection (f) of this section, the
 12 operator of a vessel to which this section applies
 13 may not discharge ballast water in waters sub-
 14 ject to the jurisdiction of the United States ex-
 15 cept after—

16 “(i) conducting ballast water exchange
 17 as required by this subsection, in accord-
 18 ance with regulations prescribed by the
 19 Secretary, in a manner that results in an
 20 efficiency of at least 95 percent volumetric
 21 exchange of the ballast water for each bal-
 22 last water tank;

23 “(ii) using ballast water treatment
 24 technology that meets the performance
 25 standards of subsection (f); or

1 “(iii) using environmentally-sound al-
2 ternative ballast water treatment tech-
3 nology, if the Secretary determines that
4 such treatment technology is at least as ef-
5 fective as the ballast water exchange re-
6 quired by clause (i) in preventing and con-
7 trolling the introduction of aquatic nui-
8 sance species.

9 “(B) TECHNOLOGY EFFICACY.—For pur-
10 poses of this paragraph, a ballast water treat-
11 ment technology shall be considered to be at
12 least as effective as the ballast water exchange
13 required by clause (i) in preventing and control-
14 ling the introduction of aquatic nuisance species
15 if preliminary experiments prior to installation
16 of the technology aboard the vessel demonstrate
17 that the technology removed at least 98 percent
18 of organisms larger than 50 microns.

19 “(2) GUIDANCE; 5-YEAR USAGE.—

20 “(A) GUIDANCE.—Within 1 year after the
21 date of enactment of the Ballast Water Man-
22 agement Act of 2007, after public notice and
23 opportunity for comment, the Secretary shall
24 develop guidance on technology that may be
25 used under paragraph (1)(A)(iii).

1 “(B) 5-YEAR USAGE.—The Secretary shall
2 allow a vessel using environmentally-sound al-
3 ternative ballast water treatment technology
4 under paragraph (1)(A)(iii) to continue to use
5 that technology for 5 years after the date on
6 which the environmentally-sound alternative
7 ballast water treatment technology was first
8 placed in service on the vessel, or the date on
9 which treatment requirements under subsection
10 (f) become applicable, whichever is later.

11 “(3) EXCHANGE AREAS.—

12 “(A) VESSELS OUTSIDE THE UNITED
13 STATES EEZ.—The operator of a vessel en route
14 to a United States port or place from a port or
15 place outside the United States exclusive eco-
16 nomic zone shall conduct ballast water ex-
17 change—

18 “(i) before arriving at a United States
19 port or place;

20 “(ii) at least 200 nautical miles from
21 the nearest point of land; and

22 “(iii) in water at least 200 meters in
23 depth.

24 “(B) COASTAL VOYAGES.—In lieu of using
25 an exchange zone described in subparagraph

1 (A)(ii) or (iii), the operator of a vessel origi-
2 nating from a port or place within waters sub-
3 ject to the jurisdiction of the United States, or
4 from a port within 200 nautical miles of the
5 United States in Canada, Mexico, or other ports
6 designated by the Secretary for purposes of this
7 section, and which does not voyage into waters
8 described in subparagraph (A)(ii) or (iii), shall
9 conduct ballast water exchange—

10 “(i) at least 50 nautical miles from
11 the nearest point of land; and

12 “(ii) in water at least 200 meters in
13 depth.

14 “(4) SAFETY OR STABILITY EXCEPTION.—

15 “(A) SECRETARIAL DETERMINATION.—

16 Paragraph (3) does not apply to the discharge
17 of ballast water if the Secretary determines that
18 compliance with that paragraph would threaten
19 the safety or stability of the vessel, its crew, or
20 its passengers because of the design or oper-
21 ating characteristics of the vessel.

22 “(B) MASTER OF THE VESSEL DETER-
23 MINATION.—Paragraph (3) does not apply to
24 the discharge of ballast water if the master of
25 a vessel determines that compliance with that

1 paragraph would threaten the safety or stability
2 of the vessel, its crew, or its passengers because
3 of adverse weather, equipment failure, or any
4 other relevant condition.

5 “(C) NOTIFICATION REQUIRED.—When-
6 ever the master of a vessel is unable to comply
7 with the requirements of paragraph (3) because
8 of a determination made under subparagraph
9 (B), the master of the vessel shall—

10 “(i) notify the Secretary as soon as
11 practicable thereafter but no later than 24
12 hours after making that determination and
13 shall ensure that the determination, the
14 reasons for the determination, and the no-
15 tice are recorded in the vessel’s ballast
16 water record book; and

17 “(ii) undertake ballast water ex-
18 change—

19 “(I) in an alternative area that
20 may be designated by the Secretary,
21 after consultation with the Undersec-
22 retary, and other appropriate Federal
23 agencies as determined by the Sec-
24 retary, and representatives of States

1 the waters of which may be affected
2 by the discharge of ballast water; or

3 “(II) undertake discharge of bal-
4 last water in accordance with para-
5 graph (6) if safety or stability con-
6 cerns prevent undertaking ballast
7 water exchange in the alternative
8 area.

9 “(D) REVIEW OF CIRCUMSTANCES.—If the
10 master of a vessel conducts a ballast water dis-
11 charge under the provisions of this paragraph,
12 the Secretary shall review the circumstances to
13 determine whether the discharge met the re-
14 quirements of this paragraph. The review under
15 this clause shall be in addition to any other en-
16 forcement authority of the Secretary.

17 “(5) DISCHARGE UNDER WAIVER.—

18 “(A) SUBSTANTIAL BUSINESS HARDSHIP
19 WAIVER.—If, because of the short length of a
20 voyage, the operator of a vessel is unable to dis-
21 charge ballast water in accordance with the re-
22 quirements of paragraph (3)(B) without sub-
23 stantial business hardship, as determined under
24 regulations prescribed by the Secretary, the op-
25 erator shall request a waiver from the Secretary

1 and discharge the ballast water in accordance
 2 with paragraph (6). A request for a waiver
 3 under this subparagraph shall be submitted to
 4 the Secretary at such time and in such form
 5 and manner as the Secretary may require.

6 “(B) SUBSTANTIAL BUSINESS HARD-
 7 SHIP.—For purposes of subparagraph (A), the
 8 factors taken into account in determining sub-
 9 stantial business hardship shall include wheth-
 10 er—

11 “(i) compliance with the requirements
 12 of paragraph (3)(B) would require a suffi-
 13 ciently great change in routing or sched-
 14 uling of service as to compromise the eco-
 15 nomic or commercial viability of the trade
 16 or business in which the vessel is operated;
 17 or

18 “(ii) it is reasonable to expect that the
 19 trade or business or service provided will
 20 be continued only if a waiver is granted
 21 under subparagraph (A).

22 “(6) PERMISSABLE DISCHARGE.—

23 “(A) IN GENERAL.—The discharge of
 24 unexchanged ballast water shall be considered

1 to be carried out in accordance with this para-
2 graph if it is—

3 “(i) in an area designated for that
4 purpose by the Secretary, after consulta-
5 tion with the Undersecretary and other ap-
6 propriate Federal agencies as determined
7 by the Secretary and representatives of
8 any State that may be affected by dis-
9 charge of ballast water in that area; or

10 “(ii) into a reception facility described
11 in subsection (f)(2).

12 “(B) LIMITATION ON VOLUME.—The vol-
13 ume of any ballast water discharged under the
14 provisions of this paragraph may not exceed the
15 volume necessary to ensure the safe operation
16 of the vessel.

17 “(7) PARTIAL COMPLIANCE.—The operator of a
18 vessel that is unable to comply fully with the re-
19 quirements of paragraph (3)—

20 “(A) shall nonetheless conduct ballast
21 water exchange to the maximum extent feasible
22 in compliance with those paragraphs; and

23 “(B) may conduct a partial ballast water
24 exchange under this paragraph only to the ex-
25 tent that the ballast water in an individual bal-

1 last tank can be completely exchanged in ac-
2 cordance with the provisions of paragraph
3 (1)(A).

4 “(8) CERTAIN GEOGRAPHICALLY LIMITED
5 ROUTES.—Notwithstanding paragraph (3)(B) of this
6 subsection, the operator of a vessel is not required
7 to comply with the requirements of this subsection—

8 “(A) if the vessel operates exclusively—

9 “(i) within Lake Superior, Lake
10 Michigan, Lake Huron, and Lake Erie and
11 the connecting channels; or

12 “(ii) between or among the main
13 group of the Hawaiian Islands; or

14 “(B) if the vessel operates exclusively with-
15 in any area with respect to which the Secretary
16 has determined, after consultation with the Un-
17 dersecretary, the Administrator, and represent-
18 atives of States the waters of which would be
19 affected by the discharge of ballast water, that
20 the risk of introducing aquatic nuisance species
21 through ballast water discharge in the areas in
22 which the vessel operates is insignificant.

23 “(9) MARINE SANCTUARIES AND OTHER PRO-
24 HIBITED AREAS.—A vessel may not conduct ballast
25 water exchange or discharge unexchanged ballast

1 water under this subsection within a marine sanc-
2 tuary designated under title III of the National Ma-
3 rine Sanctuaries Act (16 U.S.C. 1431 et seq.) or in
4 any other waters designated by the Secretary after
5 consultation with the Undersecretary and the Ad-
6 ministrator.

7 “(10) REGULATIONS DEADLINE.—The Sec-
8 retary shall issue a final rule for regulations re-
9 quired by this subsection within 1 year after the
10 date of enactment of the Ballast Water Management
11 Act of 2007.

12 “(11) VESSELS OPERATING IN THE GREAT
13 LAKES.—

14 “(A) REGULATIONS.—Until such time as
15 regulations are promulgated to implement the
16 amendments made by the Ballast Water Man-
17 agement Act of 2007, regulations promulgated
18 to carry out this Act shall remain in effect until
19 revised or replaced pursuant to the Ballast
20 Water Management Act of 2007.

21 “(B) RELATIONSHIP TO OTHER PRO-
22 GRAMS.—On promulgation of regulations re-
23 quired under this Act to implement a national
24 mandatory ballast management program that is
25 at least as comprehensive as the Great Lakes

1 program (as determined by the Secretary, in
2 consultation with the Governors of Great Lakes
3 States)—

4 “(i) the program regulating vessels
5 and ballast water in Great Lakes under
6 this section shall terminate; and

7 “(ii) the national program shall apply
8 to such vessels and ballast water.

9 “(12) VESSELS WITH NO BALLAST ON
10 BOARD.—Not later than 180 days after the date of
11 enactment of the Ballast Water Management Act of
12 2007, the Secretary shall promulgate regulations to
13 minimize the discharge of invasive species from ships
14 entering a United States port or place from outside
15 the United States exclusive economic zone that claim
16 no ballast on board, or that claim to be carrying
17 only unpumpable quantities of ballast, including, at
18 a minimum, a requirement that—

19 “(i) such a ship shall conduct salt-
20 water flushing of ballast water tanks—

21 “(I) outside the exclusive eco-
22 nomic zone; or

23 “(II) at a designated alternative
24 exchange site; and

1 “(ii) before being allowed entry into
 2 the Great Lakes beyond the St. Lawrence
 3 Seaway, the master of such a ship shall
 4 certify that the ship has complied with
 5 each applicable requirement under this
 6 subsection.

7 “(f) BALLAST WATER TREATMENT REQUIRE-
 8 MENTS.—

9 “(1) PERFORMANCE STANDARDS.—A vessel to
 10 which this section applies shall conduct ballast water
 11 treatment in accordance with the requirements of
 12 this subsection before discharging ballast water so
 13 that the ballast water discharged will contain—

14 “(A) less than 1 living organism per 10
 15 cubic meters that is 50 or more micrometers in
 16 minimum dimension;

17 “(B) less than 1 living organism per 10
 18 milliliters that is less than 50 micrometers in
 19 minimum dimension and more than 10 microm-
 20 eters in minimum dimension;

21 “(C) concentrations of indicator microbes
 22 that are less than—

23 “(i) 1 colony-forming unit of
 24 toxicogenic *Vibrio cholera* (serotypes O1
 25 and O139) per 100 milliliters, or less than

1 1 colony-forming unit of that microbe per
2 gram of wet weight of zoological samples;

3 “(ii) 126 colony-forming units of esch-
4 erichia coli per 100 milliliters; and

5 “(iii) 33 colony-forming units of intes-
6 tinal enterococci per 100 milliliters; and

7 “(D) concentrations of such additional in-
8 dicator microbes as may be specified in regula-
9 tions promulgated by the Administrator, after
10 consultation with the Secretary and other ap-
11 propriate Federal agencies as determined by the
12 Secretary, that are less than the amount speci-
13 fied in those regulations.

14 “(2) RECEPTION FACILITY EXCEPTION.—

15 “(A) IN GENERAL.—Paragraph (1) does
16 not apply to a vessel that discharges ballast
17 water into a facility for the reception of ballast
18 water that meets standards prescribed by the
19 Administrator.

20 “(B) PROMULGATION OF STANDARDS.—

21 Within 1 year after the date of enactment of
22 the Ballast Water Management Act of 2007,
23 the Administrator, in consultation with the Sec-
24 retary other appropriate Federal agencies as de-

1 terminated by the Administrator, shall promul-
2 gate standards for—

3 “(i) the reception of ballast water
4 from vessels into reception facilities; and

5 “(ii) the disposal or treatment of such
6 ballast water in a way that does not impair
7 or damage the environment, human health,
8 property, or resources.

9 “(3) IMPLEMENTATION SCHEDULE.—Para-
10 graph (1) applies to vessels in accordance with the
11 following schedule:

12 “(A) FIRST PHASE.—Beginning January
13 1, 2011, for vessels constructed on or after that
14 date with a ballast water capacity of less than
15 5,000 cubic meters.

16 “(B) SECOND PHASE.—Beginning January
17 1, 2013, for vessels constructed on or after that
18 date with a ballast water capacity of 5,000
19 cubic meters or more.

20 “(C) THIRD PHASE.—Beginning January
21 1, 2013, for vessels constructed before January
22 1, 2011, with a ballast water capacity of 1,500
23 cubic meters or more but not more than 5,000
24 cubic meters.

1 “(D) FOURTH PHASE.—Beginning Janu-
2 ary 1, 2015, for vessels constructed—

3 “(i) before January 1, 2011, with a
4 ballast water capacity of less than 1,500
5 cubic meters or 5,000 cubic meters or
6 more; or

7 “(ii) on or after January 1, 2011, and
8 before January 1, 2013, with a ballast
9 water capacity of 5,000 cubic meters or
10 more.

11 “(4) TREATMENT SYSTEM APPROVAL RE-
12 QUIRED.—The operator of a vessel may not use a
13 ballast water treatment system to comply with the
14 requirements of this subsection unless the system is
15 approved by the Secretary, in consultation with the
16 Administrator. The Secretary shall promulgate regu-
17 lations establishing a process for such approval,
18 after consultation with the Administrator and other
19 appropriate Federal agencies as determined by the
20 Secretary, within 1 year after the date of enactment
21 of the Ballast Water Management Act of 2007.

22 “(5) FEASIBILITY REVIEW.—

23 “(A) IN GENERAL.—Not less than 2 years
24 before the date on which paragraph (1) applies
25 to vessels under each subparagraph of para-

graph (3), or as that date may be extended under this paragraph, the Secretary, in consultation with the Administrator, shall complete a review to determine whether appropriate technologies are available to achieve the standards set forth in paragraph (1) for the vessels to which they apply under the schedule set forth in paragraph (3). In reviewing the technologies the Secretary, after consultation with the Administrator and other appropriate Federal agencies as determined by the Secretary, shall consider—

“(i) the effectiveness of a technology in achieving the standards;

“(ii) feasibility in terms of compatibility with ship design and operations;

“(iii) safety considerations;

“(iv) whether a technology has an adverse impact on the environment; and

“(v) cost effectiveness.

“(B) DELAY IN SCHEDULED APPLICATION.—If the Secretary determines, on the basis of the review conducted under subparagraph (A), that compliance with the standards set forth in paragraph (1) in accordance with

the schedule set forth in any subparagraph of paragraph (3) is not feasible for any class of vessels, the Secretary shall require use of the best performing technology available that meets, at a minimum, the applicable ballast water discharge standard of the International Maritime Organization. If the Secretary finds that no technology exists that will achieve either the standards set forth in paragraph (1) or the standards of the International Maritime Organization, then, the Secretary shall—

“(i) extend the date on which that subparagraph first applies to vessels for a period of not more than 24 months; and

“(ii) recommend action to ensure that compliance with the extended date schedule for that subparagraph is achieved.

“(C) HIGHER STANDARDS; EARLIER IMPLEMENTATION.—

“(i) STANDARDS.—If the Secretary determines that ballast water treatment technology exists that exceeds the performance standards required under this subsection, the Secretary shall, for any class of vessels, revise the performance stand-

ards to incorporate the higher performance standards.

“(ii) IMPLEMENTATION.—If the Secretary determines that technology that achieves the applicable performance standards required under this subsection can be implemented earlier than required by this subsection, the Secretary shall, for any class of vessels, accelerate the implementation schedule under paragraph (3). If the Secretary accelerates the implementation schedule pursuant to this clause, the Secretary shall provide at least 24 months notice before such accelerated implementation goes into effect.

“(iii) DETERMINATIONS NOT MUTUALLY EXCLUSIVE.—The Secretary shall take action under both clause (i) and clause (ii) if the Secretary makes determinations under both clauses.

“(6) DELAY OF APPLICATION FOR VESSEL PARTICIPATING IN PROMISING TECHNOLOGY EVALUATIONS.—

“(A) IN GENERAL.—If a vessel participates in a program approved by the Secretary to test

1 and evaluate promising ballast water treatment
2 technologies that are likely to result in treat-
3 ment technologies achieving a standard that is
4 the same as or more stringent than the stand-
5 ard that applies under paragraph (1) before the
6 first date on which paragraph (1) applies to
7 that vessel, the Secretary shall allow the vessel
8 to use that technology for a 10-year period and
9 such vessel shall be deemed to be in compliance
10 with the requirements of paragraph (1) during
11 that 10-year period.

12 “(B) VESSEL DIVERSITY.—The Sec-
13 retary—

14 “(i) shall seek to ensure that a wide
15 variety of vessel types and voyages are in-
16 cluded in the program; but

17 “(ii) may not grant a delay under this
18 paragraph to more than 5 percent of the
19 vessels to which subparagraph (A), (B),
20 (C), or (D) of paragraph (3) applies.

21 “(C) TERMINATION OF GRACE PERIOD.—
22 The Secretary may terminate the 10-year grace
23 period of a vessel under subparagraph (A) if
24 participation of the vessel in the program is ter-
25 minated without the consent of the Secretary.

1 “(D) ANNUAL RE-EVALUATION; TERMI-
2 NATION.—The Secretary shall establish an an-
3 nual evaluation process to determine whether
4 the performance of an approved technology is
5 sufficiently effective and whether it is causing
6 harm to the environment. If the Secretary de-
7 termines that an approved technology is insuffi-
8 ciently effective or is causing harm to the envi-
9 ronment, the Secretary shall revoke the ap-
10 proval granted under subparagraph (A).

11 “(7) REVIEW OF STANDARDS.—

12 “(A) IN GENERAL.—In December, 2014,
13 and in every third year thereafter, the Adminis-
14 trator, in consultation with the Secretary, shall
15 review ballast water treatment standards to de-
16 termine, after consultation with the Undersecre-
17 tary and other appropriate Federal agencies as
18 determined by the Secretary, if the standards
19 under this subsection should be revised to re-
20 duce the amount of organisms or microbes al-
21 lowed to be discharged, taking into account im-
22 provements in the scientific understanding of
23 biological processes leading to the spread of
24 aquatic nuisance species and improvements in
25 ballast water treatment technology. The Admin-

1 istrator shall revise by regulation the perform-
 2 ance standard required under this subsection as
 3 necessary.

4 “(B) APPLICATION OF ADJUSTED STAND-
 5 ARDS.—In the regulations, the Secretary shall
 6 provide for the prospective application of the
 7 adjusted standards prescribed under this para-
 8 graph to vessels constructed after the date on
 9 which the adjusted standards apply and for an
 10 orderly phase-in of the adjusted standards to
 11 existing vessels.

12 “(8) INSTALLED EQUIPMENT.—If ballast water
 13 treatment technology used for purposes of complying
 14 with the regulations under this subsection is in-
 15 stalled on a vessel, maintained in good working
 16 order, and used by the vessel, the vessel may use
 17 that technology for the shorter of—

18 “(A) the 10-year period beginning on the
 19 date of initial use of the technology; or

20 “(B) the life of the ship on which the tech-
 21 nology is used.

22 “(9) HIGH-RISK VESSELS.—

23 “(A) VESSEL LIST.—Within 1 year after
 24 the date of enactment of the Ballast Water
 25 Management Act of 2007, the Secretary shall

1 publish and regularly update a list of vessels
2 identified by States that, due to factors such as
3 the origin of their voyages, the frequency of
4 their voyages, the volume of ballast water they
5 carry, the biological makeup of the ballast
6 water, and the fact that they frequently dis-
7 charge unexchanged ballast water pursuant to
8 an exception under subsection (e), pose a rel-
9 atively high risk of introducing aquatic nuisance
10 species into the waters of those States.

11 “(B) INCENTIVE PROGRAMS.—The Sec-
12 retary shall give priority to vessels on the list
13 for participation in pilot programs described in
14 paragraph (6). Any Federal agency, and any
15 State agency with respect to vessels identified
16 by such State to the Secretary for inclusion on
17 the list pursuant to subparagraph (A), may de-
18 velop technology development programs or other
19 incentives (whether positive or negative) to such
20 vessels in order to encourage the adoption of
21 ballast water treatment technology by those ves-
22 sels consistent with the requirements of this
23 section on an expedited basis.

24 “(10) EXCEPTION FOR VESSELS OPERATING
25 EXCLUSIVELY IN DETERMINED AREA.—

1 “(A) IN GENERAL.—Paragraph (1) does
2 not apply to a vessel that operates exclusively
3 within an area if the Secretary has determined
4 through a rulemaking proceeding, after con-
5 sultation with the Undersecretary and other ap-
6 propriate Federal agencies as determined by the
7 Secretary, and representatives of States the wa-
8 ters of which could be affected by the discharge
9 of ballast water, that the risk of introducing
10 aquatic nuisance species through ballast water
11 discharge from the vessel is insignificant.

12 “(B) CERTAIN VESSELS.—A vessel con-
13 structed before January 1, 2001, that operates
14 exclusively within Lake Superior, Lake Michi-
15 gan, Lake Huron, and Lake Erie and the con-
16 necting channels shall be presumed not to pose
17 a significant risk of introducing aquatic nui-
18 sance species unless the Secretary finds other-
19 wise in a rulemaking proceeding under subpara-
20 graph (A).

21 “(C) BEST PRACTICES.—The Secretary
22 shall develop, and require vessels exempted
23 from complying with the requirements of para-
24 graph (1) under this paragraph to follow, best
25 practices, developed in consultation with the

1 Governors or States that may be affected, to
 2 minimize the spreading of aquatic nuisance spe-
 3 cies in its operating area.

4 “(11) LABORATORIES.—The Secretary may use
 5 any Federal or non-Federal laboratory that meets
 6 standards established by the Secretary for the pur-
 7 pose of evaluating and certifying ballast water treat-
 8 ment technologies and equipment under this sub-
 9 section.

10 “(g) WARNINGS CONCERNING BALLAST WATER UP-
 11 TAKE.—

12 “(1) IN GENERAL.—The Secretary shall notify
 13 vessel owners and operators of any area in waters
 14 subject to the jurisdiction of the United States in
 15 which vessels may not uptake ballast water due to
 16 known conditions.

17 “(2) CONTENTS.—The notice shall include—

18 “(A) the coordinates of the area; and

19 “(B) if possible, the location of alternative
 20 areas for the uptake of ballast water.

21 “(h) SEDIMENT MANAGEMENT.—

22 “(1) IN GENERAL.—The operator of a vessel to
 23 which this section applies may not remove or dispose
 24 of sediment from spaces designed to carry ballast
 25 water except—

1 “(A) in accordance with this subsection
2 and the ballast water management plan re-
3 quired under subsection (c); and

4 “(B) more than 200 nautical miles from
5 the nearest point of land or into a reception fa-
6 cility that meets the requirements of paragraph
7 (3).

8 “(2) DESIGN REQUIREMENTS.—

9 “(A) NEW VESSELS.—After December 31,
10 2008, it shall be unlawful to construct a vessel
11 in the United States to which this section ap-
12 plies unless that vessel is designed and con-
13 structed, in accordance with regulations pre-
14 scribed under subparagraph (C), in a manner
15 that—

16 “(i) minimizes the uptake and entrap-
17 ment of sediment;

18 “(ii) facilitates removal of sediment;

19 and

20 “(iii) provides for safe access for sedi-
21 ment removal and sampling.

22 “(B) EXISTING VESSELS.—Every vessel to
23 which this section applies that was constructed
24 before January 1, 2009, shall be modified be-
25 fore January 1, 2009, to the extent practicable,

1 to achieve the objectives described in clauses (i),
2 (ii), and (iii) of subparagraph (A).

3 “(C) REGULATIONS.—The Secretary shall
4 promulgate regulations establishing design and
5 construction standards to achieve the objectives
6 of subparagraph (A) and providing guidance for
7 modifications and practices under subparagraph
8 (B). The Secretary shall incorporate the stand-
9 ards and guidance in the regulations governing
10 the ballast water management plan.

11 “(3) SEDIMENT RECEPTION FACILITIES.—

12 “(A) STANDARDS.—The Secretary, in con-
13 sultation with other appropriate Federal agen-
14 cies as determined by the Secretary, shall pro-
15 mulgate regulations governing facilities for the
16 reception of vessel sediment from spaces de-
17 signed to carry ballast water that provide for
18 the disposal of such sediment in a way that
19 does not impair or damage the environment,
20 human health, or property or resources of the
21 disposal area.

22 “(B) DESIGNATION.—The Administrator,
23 in consultation with the Secretary and other ap-
24 propriate Federal agencies as determined by the
25 Administrator, shall designate facilities for the

1 reception of vessel sediment that meet the re-
2 quirements of the regulations promulgated
3 under subparagraph (A) at ports and terminals
4 where ballast tanks are cleaned or repaired.

5 “(i) EXAMINATIONS AND CERTIFICATIONS.—

6 “(1) INITIAL EXAMINATION.—

7 “(A) IN GENERAL.—The Secretary shall
8 examine vessels to which this section applies to
9 determine whether—

10 “(i) there is a ballast water manage-
11 ment plan for the vessel that meets the re-
12 quirements of this section; and

13 “(ii) the equipment used for ballast
14 water and sediment management in ac-
15 cordance with the requirements of this sec-
16 tion and the regulations promulgated here-
17 under is installed and functioning properly.

18 “(B) NEW VESSELS.—For vessels con-
19 structed in the United States on or after Janu-
20 ary 1, 2011, the Secretary shall conduct the ex-
21 amination required by subparagraph (A) before
22 the vessel is placed in service.

23 “(C) EXISTING VESSELS.—For vessels con-
24 structed before January 1, 2011, the Secretary
25 shall—

1 “(i) conduct the examination required
2 by subparagraph (A) before the date on
3 which subsection (f)(1) applies to the ves-
4 sel according to the schedule in subsection
5 (f)(3); and

6 “(ii) inspect the vessel’s ballast water
7 record book required by subsection (d).

8 “(D) FOREIGN VESSELS.—In the case of a
9 foreign vessel (as defined in section 2101(12) of
10 title 46, United States Code), the Secretary
11 shall perform the examination required by this
12 paragraph the first time the vessel enters a
13 United States port.

14 “(2) SUBSEQUENT EXAMINATIONS.—The Sec-
15 retary shall examine vessels no less frequently than
16 once each year to ensure vessel compliance with the
17 requirements of this section.

18 “(3) INSPECTION AUTHORITY.—

19 “(A) IN GENERAL.—The Secretary may
20 carry out inspections of any vessel to which this
21 section applies at any time, including the taking
22 of ballast water samples, to ensure the vessel’s
23 compliance with this Act. The Secretary shall
24 use all appropriate and practical measures of
25 detection and environmental monitoring, and

1 shall establish adequate procedures for report-
2 ing violations and accumulating evidence.

3 “(B) INVESTIGATIONS.—Upon receipt of
4 evidence that a violation has occurred, the Sec-
5 retary shall cause the matter to be investigated.
6 In any investigation under this section the Sec-
7 retary may issue subpoenas to require the at-
8 tendance of any witness and the production of
9 documents and other evidence. In case of re-
10 fusal to obey a subpoena issued to any person,
11 the Secretary may request the Attorney General
12 to invoke the aid of the appropriate district
13 court of the United States to compel compli-
14 ance.

15 “(4) REQUIRED CERTIFICATE.—If, on the basis
16 of an initial examination under paragraph (1) the
17 Secretary finds that a vessel complies with the re-
18 quirements of this section and the regulations pro-
19 mulgated hereunder, the Secretary shall issue a cer-
20 tificate under this paragraph as evidence of such
21 compliance. The certificate shall be valid for a period
22 of not more than 5 years, as specified by the Sec-
23 retary. The certificate or a true copy shall be main-
24 tained on board the vessel.

1 “(5) NOTIFICATION OF VIOLATIONS.—If the
 2 Secretary finds, on the basis of an examination
 3 under paragraph (1) or (2), sampling under para-
 4 graph (3), or any other information, that a vessel is
 5 being operated in violation of the requirements of
 6 this section or the regulations promulgated here-
 7 under, the Secretary shall—

8 “(A) notify in writing—

9 “(i) the master of the vessel; and

10 “(ii) the captain of the port at the
 11 vessel’s next port of call; and

12 “(B) take such other action as may be ap-
 13 propriate.

14 “(6) COMPLIANCE AND MONITORING.—

15 “(A) IN GENERAL.—The Secretary shall by
 16 regulation establish sampling and other proce-
 17 dures to monitor compliance with the require-
 18 ments of this section and any regulations pro-
 19 mulgated under this section.

20 “(B) USE OF MARKERS.—The Secretary
 21 may verify compliance with treatment standards
 22 under this section and the regulations through
 23 identification of markers associated with a
 24 treatment technology’s effectiveness, such as

1 the presence of indicators associated with a cer-
2 tified treatment technology.

3 “(7) EDUCATION AND TECHNICAL ASSISTANCE
4 PROGRAMS.—The Secretary may carry out education
5 and technical assistance programs and other meas-
6 ures to promote compliance with the requirements
7 issued under this section.

8 “(j) DETENTION OF VESSELS.—

9 “(1) IN GENERAL.—The Secretary, by notice to
10 the owner, charterer, managing operator, agent,
11 master, or other individual in charge of a vessel,
12 may detain that vessel if the Secretary has reason-
13 able cause to believe that—

14 “(A) the vessel is a vessel to which this
15 section applies; and

16 “(B) the vessel does not comply with the
17 requirements of this section or of the regula-
18 tions issued hereunder or is being operated in
19 violation of such requirements.

20 “(2) CLEARANCE.—

21 “(A) IN GENERAL.—A vessel detained
22 under paragraph (1) may obtain clearance
23 under section 4197 of the Revised Statutes (46
24 U.S.C. App. 91) only if the violation for which
25 it was detained has been corrected.

1 “(B) WITHDRAWAL.—If the Secretary
2 finds that a vessel detained under paragraph
3 (1) has received a clearance under section 4197
4 of the Revised Statutes (46 U.S.C. App. 91) be-
5 fore it was detained under paragraph (1), the
6 Secretary shall withdraw, withhold, or revoke
7 the clearance.

8 “(k) SANCTIONS.—

9 “(1) CIVIL PENALTIES.—Any person who vio-
10 lates a regulation promulgated under this section
11 shall be liable for a civil penalty in an amount not
12 to exceed \$32,500. Each day of a continuing viola-
13 tion constitutes a separate violation. A vessel oper-
14 ated in violation of this section or the regulations is
15 liable in rem for any civil penalty assessed under
16 this subsection for that violation.

17 “(2) CRIMINAL PENALTIES.—Any person who
18 knowingly violates the regulations promulgated
19 under this section is guilty of a class C felony.

20 “(3) REVOCATION OF CLEARANCE.—Except as
21 provided in subsection (j)(2), upon request of the
22 Secretary, the Secretary of the Treasury shall with-
23 hold or revoke the clearance of a vessel required by
24 section 4197 of the Revised Statutes (46 U.S.C.
25 App. 91), if the owner or operator of that vessel is

1 in violation of this section or the regulations issued
2 under this section.

3 “(4) EXCEPTION TO SANCTIONS.—This sub-
4 section does not apply to a discharge pursuant to
5 subsection (b)(3), (e)(5), or (e)(7).

6 “(1) ENFORCEMENT.—

7 “(1) ADMINISTRATIVE ACTIONS.—If the Sec-
8 retary finds, after notice and an opportunity for a
9 hearing, that a person has violated any provision of
10 this section or any regulation promulgated here-
11 under, the Secretary may assess a civil penalty for
12 that violation. In determining the amount of a civil
13 penalty, the Secretary shall take into account the
14 nature, circumstances, extent, and gravity of the
15 prohibited acts committed and, with respect to the
16 violator, the degree of culpability, any history of
17 prior violations, and such other matters as justice
18 may require.

19 “(2) CIVIL ACTIONS.—At the request of the
20 Secretary, the Attorney General may bring a civil
21 action in an appropriate district court of the United
22 States to enforce this section, or any regulation pro-
23 mulgated hereunder. Any court before which such an
24 action is brought may award appropriate relief, in-

1 cluding temporary or permanent injunctions and
2 civil penalties.

3 “(m) CONSULTATION WITH CANADA, MEXICO, AND
4 OTHER FOREIGN GOVERNMENTS.—In developing the
5 guidelines issued and regulations promulgated under this
6 section, the Secretary is encouraged to consult with the
7 Government of Canada, the Government of Mexico, and
8 any other government of a foreign country that the Sec-
9 retary, after consultation with the Task Force, determines
10 to be necessary to develop and implement an effective
11 international program for preventing the unintentional in-
12 troduction and spread of aquatic nuisance species through
13 ballast water.

14 “(n) INTERNATIONAL COOPERATION.—The Sec-
15 retary, in cooperation with the Undersecretary, the Sec-
16 retary of State, the Administrator, the heads of other rel-
17 evant Federal agencies, the International Maritime Orga-
18 nization of the United Nations, and the Commission on
19 Environmental Cooperation established pursuant to the
20 North American Free Trade Agreement, is encouraged to
21 enter into negotiations with the governments of foreign
22 countries to develop and implement an effective inter-
23 national program for preventing the unintentional intro-
24 duction and spread of aquatic nuisance species through
25 ballast water. The Secretary is particularly encouraged to

1 seek bilateral or multilateral agreements with Canada,
2 Mexico, and other nations in the Wider Caribbean (as de-
3 fined in the Convention for the Protection and Develop-
4 ment of the Marine Environment of the Wider Caribbean
5 (Cartagena Convention) under this section.

6 “(o) NON-DISCRIMINATION.—The Secretary shall en-
7 sure that vessels registered outside of the United States
8 do not receive more favorable treatment than vessels reg-
9 istered in the United States when the Secretary performs
10 studies, reviews compliance, determines effectiveness, es-
11 tablishes requirements, or performs any other responsibil-
12 ities under this Act.

13 “(p) SUPPORT FOR FEDERAL BALLAST WATER DEM-
14 ONSTRATION PROJECT.—In addition to amounts other-
15 wise available to the Maritime Administration, the Na-
16 tional Oceanographic and Atmospheric Administration,
17 and the United States Fish and Wildlife Service for the
18 Federal Ballast Water Demonstration Project, the Sec-
19 retary shall provide support for the conduct and expansion
20 of the project, including grants for research and develop-
21 ment of innovative technologies for the management,
22 treatment, and disposal of ballast water and sediment, for
23 ballast water exchange, and for other vessel vectors of
24 aquatic nuisance species such as hull-fouling. There are
25 authorized to be appropriated to the Secretary \$5,000,000

1 for each of fiscal years 2007 through 2011 to carry out
2 this subsection.

3 “(q) CONSULTATION WITH TASK FORCE.—The Sec-
4 retary shall consult with the Task Force in carrying out
5 this section.

6 “(r) RISK ASSESSMENT.—

7 “(1) IN GENERAL.—Within 2 years after the
8 date of enactment of the Ballast Water Management
9 Act of 2007, the Administrator, in consultation with
10 the Secretary and other appropriate Federal agen-
11 cies, shall conduct a risk assessment of vessel dis-
12 charges other than aquatic nuisance species that are
13 not required by the Clean Water Act (33 U.S.C.
14 1251 et seq.) to have National Pollution Effluent
15 Discharge Standards permits under section 122.3(a)
16 of title 40, Code of Federal Regulations. The risk
17 assessment shall include—

18 “(A) a characterization of the various
19 types of discharges by different classes of ves-
20 sels;

21 “(B) the average volume of such dis-
22 charges for individual vessels and by class of
23 vessel in the aggregate;

1 “(C) conclusions as to whether such dis-
 2 charges pose a risk to human health or the en-
 3 vironment; and

4 “(D) recommendations as to steps, includ-
 5 ing regulations, that are necessary to address
 6 such risks.

7 “(2) PUBLIC COMMENT.—The Administrator
 8 shall cause a draft of the risk assessment to be pub-
 9 lished in the Federal Register for public comment,
 10 and shall develop a final risk assessment report after
 11 taking into accounts any comments received during
 12 the public comment period.

13 “(3) FINAL REPORT.—The Administrator shall
 14 transmit a copy of the final report to the Senate
 15 Committee on Commerce, Science, and Transpor-
 16 tation and the House of Representatives Committee
 17 on Transportation and Infrastructure.

18 “(s) OTHER SOURCES OF VESSEL-BORNE NUISANCE
 19 SPECIES.—

20 “(1) HULL-FOULING AND OTHER VESSEL
 21 SOURCES.—

22 “(A) REPORT.—Within 180 days after the
 23 date of enactment of the Ballast Water Man-
 24 agement Act of 2007, the Commandant of the
 25 Coast Guard shall transmit a report to the Sen-

1 ate Committee on Commerce, Science, and
2 Transportation and the House of Representa-
3 tives Committee on Transportation and Infra-
4 structure on vessel-borne vectors of aquatic nui-
5 sance species and pathogens other than ballast
6 water and sediment, including vessel hulls, an-
7 chors, and equipment.

8 “(B) MANAGEMENT.—Within 1 year after
9 the date of enactment of the Ballast Water
10 Management Act of 2007, the Secretary shall
11 develop a strategy to address such other vessel
12 sources of aquatic nuisance species and to re-
13 duce the introduction of invasive species into
14 and within the United States from vessels. The
15 strategy shall include—

16 “(i) designation of geographical loca-
17 tions for update and discharge of un-
18 treated ballast water, as well as measures
19 to address non-ballast vessel vectors of
20 aquatic invasive species;

21 “(ii) necessary modifications of exist-
22 ing regulations;

23 “(iii) best practices standards and
24 procedures; and

1 “(iv) a timeframe for implementation
2 of those standards and procedures by ves-
3 sels, in addition to the mandatory require-
4 ments set forth in this section for ballast
5 water.

6 “(C) REPORT.—The Secretary shall trans-
7 mit a report to the Committees describing the
8 strategy, proposed regulations, best practices,
9 and the implementation timeframe, together
10 with any recommendations, including legislative
11 recommendations if appropriate, the Secretary
12 deems appropriate.

13 “(D) STANDARDS FOR VESSELS OF THE
14 UNITED STATES.—The strategy shall include
15 requirements to ensure the consistent applica-
16 tion of best practices to all vessels owned or op-
17 erated by a Federal agency.

18 “(2) TRANSITING VESSELS.—Within 180 days
19 after the date of enactment of the Ballast Water
20 Management Act of 2007, the Commandant of the
21 Coast Guard shall transmit a report to the Senate
22 Committee on Commerce, Science, and Transpor-
23 tation and the House of Representatives Committee
24 on Transportation and Infrastructure containing—

1 “(A) an assessment of the magnitude and
2 potential adverse impacts of ballast water oper-
3 ations from foreign vessels designed, adapted,
4 or constructed to carry ballast water that are
5 transiting waters subject to the jurisdiction of
6 the United States; and

7 “(B) recommendations, including legisla-
8 tive recommendations if appropriate, of options
9 for addressing ballast water operations of those
10 vessels.

11 “(t) REGULATIONS.—

12 “(1) IN GENERAL.—The Secretary, after con-
13 sultation with other appropriate Federal agencies,
14 shall issue such regulations as may be necessary ini-
15 tially to carry out this section within 1 year after the
16 date of enactment of the Ballast Water Management
17 Act of 2007.

18 “(2) JUDICIAL REVIEW.—

19 “(A) 120-DAY RULE.—An interested per-
20 son may bring an action for review of a final
21 regulation promulgated under this section by
22 the Secretary of the department in which the
23 Coast Guard is operating in the United States
24 Court of Appeals for the District of Columbia
25 Circuit. Any such petition shall be filed within

1 120 days after the date on which notice of the
 2 promulgation appears in the Federal Register,
 3 except that if the petition is based solely on
 4 grounds arising after the 120th day, then any
 5 petition for review under this subsection shall
 6 be filed within 120 days after those grounds
 7 arise.

8 “(B) REVIEW IN ENFORCEMENT PRO-
 9 CEEDINGS.—A regulation for which review
 10 could have been obtained under subparagraph
 11 (A) of this paragraph is not subject to judicial
 12 review in any civil or criminal proceeding for
 13 enforcement.

14 “(u) SAVINGS CLAUSE.—

15 “(1) IN GENERAL.—Nothing in this section
 16 shall be construed to preempt the authority of any
 17 State or local government to impose penalties or fees
 18 for acts or omissions that are violations of this Act,
 19 or to provide incentives under subsection (f)(9)(B).

20 “(2) RECEPTION FACILITIES.—The standards
 21 prescribed by the Secretary or other appropriate
 22 Federal agencies under subsection (f)(2) do not su-
 23 persede any more stringent standard under any oth-
 24 erwise applicable Federal, State, or local law.

1 “(3) APPLICATION WITH OTHER STATUTES.—

2 This section provides the sole Federal authority for
3 preventing the introduction of species through the
4 control and management of vessel ballast water or
5 sediment or other vessel-related vectors.”.

6 (b) DEFINITIONS.—

7 (1) IN GENERAL.—Section 1003 of the Non-
8 indigenous Aquatic Nuisance Prevention and Control
9 Act of 1990 (16 U.S.C. 4702) is amended—

10 (A) by redesignating paragraph (1) as
11 paragraph (1A);

12 (B) by inserting before paragraph (1A), as
13 redesignated, the following:

14 “(1) ‘Administrator’ means the Administrator
15 of the Environmental Protection Agency;”;

16 (C) by striking paragraph (3) and insert-
17 ing the following:

18 “(3) ‘ballast water’—

19 “(A) means water taken on board a vessel
20 to control trim, list, draught, stability, or
21 stresses of the vessel, including matter sus-
22 pended in such water; and

23 “(B) any water placed into a ballast tank
24 during cleaning, maintenance, or other oper-
25 ations; but

1 “(C) does not include water taken on
2 board a vessel and used for a purpose described
3 in subparagraph (A) that, at the time of dis-
4 charge, does not contain aquatic nuisance spe-
5 cies;”;

6 (D) by inserting after paragraph (3) the
7 following:

8 “(3A) ‘ballast water capacity’ means the total
9 volumetric capacity of any tanks, spaces, or com-
10 partments on a vessel that is used for carrying, load-
11 ing, or discharging ballast water, including any
12 multi-use tank, space, or compartment designed to
13 allow carriage of ballast water;

14 “(3B) ‘ballast water management’ means me-
15 chanical, physical, chemical, and biological processes
16 used, either singularly or in combination, to remove,
17 render harmless, or avoid the uptake or discharge of
18 aquatic nuisance species and pathogens within bal-
19 last water and sediment;

20 “(3C) ‘constructed’ means a state of construc-
21 tion of a vessel at which—

22 “(A) the keel is laid;

23 “(B) construction identifiable with the spe-
24 cific vessel begins;

1 “(C) assembly of the vessel has begun
 2 comprising at least 50 tons or 1 percent of the
 3 estimated mass of all structural material of the
 4 vessel, whichever is less; or

5 “(D) the vessel undergoes a major conver-
 6 sion;”;

7 (E) by inserting after paragraph (10) the
 8 following:

9 “(10A) ‘major conversion’ means a conversion
 10 of a vessel, that—

11 “(A) changes its ballast water carrying ca-
 12 pacity by at least 15 percent;

13 “(B) changes the vessel class;

14 “(C) is projected to prolong the vessel’s life
 15 by at least 10 years (as determined by the Sec-
 16 retary); or

17 “(D) results in modifications to the vessel’s
 18 ballast water system, except—

19 “(i) component replacement-in-kind;

20 or

21 “(ii) conversion of a vessel to meet the
 22 requirements of section 1101(e);”;

23 (F) by inserting after paragraph (12), as
 24 redesignated, the following:

1 “(12A) ‘saltwater flushing’ means the process
2 of—

3 “(A) adding midocean water to a ballast
4 water tank that contains residual quantities of
5 ballast waters;

6 “(B) mixing the midocean water with the
7 residual ballast water and sediment in the tank
8 through the motion of a vessel; and

9 “(C) discharging the mixed water so that
10 the salinity of the resulting residual ballast
11 water in the tank exceeds 30 parts per thou-
12 sand;

13 “(12B) ‘sediment’ means matter that has set-
14 tled out of ballast water within a vessel;”;

15 (G) by redesignating paragraph (15) as
16 paragraph (16A) and moving it to follow para-
17 graph (16);

18 (H) by inserting after paragraph (17) the
19 following:

20 “(17A) ‘United States port’ means a port,
21 river, harbor, or offshore terminal under the juris-
22 diction of the United States, including ports located
23 in Puerto Rico, Guam, the Northern Marianas, and
24 the United States Virgin Islands;

25 “(17B) ‘vessel of the Armed Forces’ means—

1 “(A) any vessel owned or operated by the
2 Department of Defense, other than a time or
3 voyage chartered vessel; and

4 “(B) any vessel owned or operated by the
5 Department of Homeland Security that is des-
6 ignated by the Secretary of the department in
7 which the Coast Guard is operating as a vessel
8 equivalent to a vessel described in subparagraph
9 (A); and

10 “(17C) ‘waters subject to the jurisdiction of the
11 United States’ means navigable waters and the terri-
12 torial sea of the United States, the exclusive eco-
13 nomic zone, and the Great Lakes.”.

14 (2) **STYLISTIC CONSISTENCY.**—Section 1003 of
15 the Nonindigenous Aquatic Nuisance Prevention and
16 Control Act of 1990 (16 U.S.C. 4702), as amended
17 by paragraph (1), is further amended—

18 (A) by striking “As used in this Act, the
19 term—” and inserting “In this Act:”;

20 (B) by redesignating paragraphs (1)
21 through (17C) as paragraphs (1) through (27),
22 respectively; and

23 (C) by inserting a heading after the des-
24 ignation of each existing paragraph, in a form
25 consistent with the form of the paragraphs

1 added by paragraph (1) of this subsection, con-
 2 sisting of the term defined in such paragraph
 3 and “The term”.

4 (c) REPEAL OF SECTION 1103.—Section 1103 of the
 5 Nonindigenous Aquatic Nuisance Prevention and Control
 6 Act of 1990 (16 U.S.C. 4713) is repealed.

7 **SEC. 4. AUTHORIZATION OF APPROPRIATIONS.**

8 Section 1301(a) of the Nonindigenous Aquatic Nui-
 9 sance Prevention and Control Act of 1990 (16 U.S.C.
 10 4741(a)) is amended—

11 (1) by striking “and” after the semicolon in
 12 paragraph (4)(B);

13 (2) by striking “1102(f).” in paragraph (5)(B)
 14 and inserting “1102(f); and”; and

15 (3) by adding at the end the following:

16 “(6) \$20,000,000 for each of fiscal years 2008
 17 through 2012 to the Secretary to carry out section
 18 1101.”.
